

MATTHAIOS V. DIDANGELOS

MD, MSc, PhD, FESC, FEAPCI

Interventional Cardiologist - Intensivist

SHORT CURRICULUM VITAE

THESSALONIKI 2026

CURRENT POSITIONS

1. Interventional Cardiologist - Intensivist, Consultant B' (NHS), 1st Department of Cardiology, Aristotle University of Thessaloniki, AHEPA University Hospital (12/2023 – Present)
2. Clinical Reader in Cardiology, Aristotle University School of Medicine, Thessaloniki, Greece (03/2026 – Present)

Academic Titles:

- **PhD in Medicine, School of Medicine, Aristotle University of Thessaloniki (AUTH)**
- **Master of Science (MSc) in Nanosciences and Nanotechnologies, Aristotle University of Thessaloniki (AUTH)**

EDUCATIONAL & TEACHING ACTIVITIES

1. Postgraduate Education (MSc)

- **Postgraduate Program Teaching:**
 - Systematic teaching and lecture delivery across multiple Master's Degree Programs at the Aristotle University of Thessaloniki (AUTH).
 - Teaching Modules:
 - Management of Diabetes Mellitus and Cardiovascular Diseases
 - Specialized Cardiorespiratory Applications
 - Applied Gerontology and Geriatrics
 - Cardiorenal Metabolic Diseases
 - Precision Medicine
- **Supervision of MSc Theses:**
 - Member of three-member advisory committees for the supervision and evaluation of postgraduate master's theses (including both completed and ongoing theses).

2. Undergraduate & Hospital Education

- **Medical Student Teaching:**

- Systematic involvement in teaching and clinical training of undergraduate medical students at AUTH, covering Cardiology, Internal Medicine, and Clinical Skills. Training of Cardiology residents and junior doctors in both theoretical and practical/clinical settings.

- **Practical Workshops & Seminars:**

- Organization and conduct of practical clinical seminars and experiential ECG workshops for medical students and resident doctors. Participation as an instructor in certified Resuscitation and Emergency Medicine seminars.

AUTHORSHIP & BOOKS

- **Authorship / Editing of Scientific Textbooks:**

- Author of the medical textbook: "*Clinical Electrocardiogram: Diagnosis - Etiology - Emergency Management*" (2020 editions), serving as an educational resource for students and residents.

- **Book Chapters: Participation in writing specialized chapters in Cardiology and Interventional Cardiology textbooks.**

ACADEMIC & CLINICAL ACTIVITY

- **Clinical & Interventional Work:**

- Extensive clinical and hospital experience in Interventional Cardiology (coronary angiography, angioplasty, structural heart disease, intracoronary imaging, coronary physiology).
- Specialization in advanced cardiac imaging techniques, valvular heart disease (TAVI), heart failure, and pulmonary hypertension.

- **Research Work & Clinical Trials:**

- Active participation as Principal Investigator or Co-Investigator in international, multicenter randomized trials. Peer reviewer for international scientific journals indexed in PubMed.

PUBLICATIONS & PRESENTATIONS

- PubMed Publications: Dozens of original research papers and reviews published in internationally recognized high-impact factor journals.
- Conferences & Lectures: Numerous oral presentations, poster presentations, and invited lectures at Greek and international conferences (ESC Congress, EACVI, TCT, CTO PLUS).

CERTIFICATIONS & SEMINARS

- **Certified Instructor:**
 - ALS (Advanced Life Support) – European Resuscitation Council (ERC / Hellenic Society of Cardiopulmonary Resuscitation - HSCPR)
 - ILS (Immediate Life Support) – ERC / HSCPR
 - BLS/AED (Basic Life Support / KIDS SAVE LIVES) – ERC / ECOSEP / HSCPR
